NO TROUBLE AT SHENANDOAH

ALTHOUGH THE MILITARY WERE
VERY CAUTIOUS IN AN-
TICIPATION

The Funeral of Joseph Biddall is
Held—Troops Stationed to Pre-
vent Trouble Which was Not
Offered

(Associated Press.)
Shenandoah, Pa., Aug. 4.—While the
situation in this region is calm, the
troops encamped here showed more
activity today than they have on any
day since they were ordered to Shen-
andoah. The greater part of the vigil-
ance was due to the fact that the
funeral of Joseph Biddall, who died
as a result of injuries received in
Wednesday night's riot, took place to-
day.

Biddall was a brother of Deputy
Sheriff Biddall, who was one of the
principal figures in the fight and a
nephew of Sheriff Biddall.

The men attended the funeral and
in consequence there were many rum-
ors floating that they would be at-
tacked. The rumors reached brigade
headquarters and General Tobin de-
cided to take every precaution possi-
ble to prevent any untoward incidents
while the funeral was being held, with
out too great display of military
force. A platoon of the governor's
troops were stationed at one of the
town's principal streets, near head-
quarters, and one battalion of infan-
try, Twelfth regiment, was held in
readiness in camp to march on short
notice.

Nothing occurred to disturb the fun-
eral and after it was over the platoon
of cavalry was returned to town.

FIRE IS RAGING IN UNITED VERDE

THE COMPANY DECIDES TO LAY
OFF FIVE HUNDRED MEN

One Life Lost So Far—Several Nar-
row Escapes Reported—The
Company Making a Hard Fight

Advice received from Phoenix
last Saturday from Jerome is to the
effect that the fire in the United
Verde mine has grown at such a rapid
rate that the company has decided
to lay off five hundred of the em-
ployees and shut down the works in
order to check the flames. Yester-
day it was reported to the Gazette
that the second and third levels were
on fire and that the flames were
spreading.

Only one life has been lost so far.
A miner, whose name could not be
learned, was overcome by sulphurous
gases and was dead when found.
Other narrow escapes have been re-
ported, but there were no other fatal-
ities.

The company is making a hard fight
to combat the fire, that seems, how-
ever, to baffle their efforts, and, it is
said, feels greatly alarmed unless they
are successful very soon. Reports are
heard also that some of the surface
ground is already beginning to set-
tle and a similar experience to that
which occurred two years ago is an-
ticipated, when the machine, foundry
and other works settled to a depth
of six feet. Underground fires seem
to be a constant menace to this prop-
erty and at each recurrence seems
to be attended with disastrous re-
sults.

The United Verde is one of the large-
est mines in Arizona and is regarded
as one of the best producers. This
fire will not only cause a great loss
because of the damage, but from the
loss of time and shutting down of the
works.

CALUMET & ARIZONA

Machinery Constantly Arriving—Work
Progressing Rapidly

(Douglas International)
One day this week an International
reporter took the "Bobtail" for the
Calumet & Arizona plant to see what
is being done out there.

The ground is covered with piles
of all sorts of machinery and build-
ing material, there being at present
150 carloads there, and more con-
stantly arriving. Among the more re-
cent additions are three converters
which will soon be in place.
Two 250-horse power boilers are in

place and are ready for the pipe con-
nections. Another boiler of the same
size will soon arrive and be placed
beside the others, it being the plan to
have one in reserve in case of a
breakdown.

Two sides of structural iron frame
work for the smelter building are up
and the track for the electric crane
in position. The structural steel is
being put in position by a gang of
men of the American Bridge company
from St. Louis.

The engine to run the air compres-
sor for the converters, and the en-
gine for the blower for the furnace,
are in position.

The railroad trestle is nearly com-
pleted and next week the construction
of the ore bins will be commenced.

The great steel smoke stack for
the furnaces is steadily climbing sky-
ward and will be completed next
week. It will be 170 feet in height.

The company is having a cottage
erected for Master Mechanic Douglas
a short distance west of the residence
of Superintendent Heller.

A force of eighty men, skilled me-
chanics and laborers, are employed
here, and every effort is being put
forth to have the plant in full opera-
tion by the first of October.

TEN THOUSAND NEW PENSIONERS

THAT NUMBER WILL BE THE RE-
SULT OF NEW PENSION
LEGISLATION

(Associated Press.)
Washington, Aug. 4.—Commission-
er of Pensions Ware today said that
legislation enacted by the last ses-
sion of congress will result in at least
ten thousand new pensioners.
The number of pensioners on July
1st of this year lacked five hundred
of being one million.

WASHINGTON NOTES

The Crown Prince of Siam—Bids for
For a Huge Floating Dock

(Associated Press.)
Washington, Aug. 4.—The Siamese
minister here has informed the state
department that the Crown Prince of
Siam will sail from Cherbourg for
the United States on September 24th,
for a tour of this country.

Washington, Aug. 4.—The navy de-
partment will soon call for bids for
a huge floating dock to accommodate
a sixteen thousand ton battleship, to
be built by the United States and
floated over to the Philippines.

One million and a quarter of dollars
is available for that purpose.

MAY BE A STRUGGLE

Beef Combine Will Combat Packers'
Merger if Necessary

(Associated Press.)
Denver, Aug. 4.—John W. Springer,
president of the National Live Stock
association of the United States, is
answer to a question concerning the
formation of a beef combine, an-
swered:

"Our meat organization is watching
every move of the big packers, fully
realizing the ruin which would ensue
if the contemplated combine is ef-
fected.

"The packers have individually de-
nied any intention of combining into
a merger of packing interests.

"If they are attempting to deceive
the stockmen and the public they
will incur the opposition of every live
stock producer in the union."

BLACKSMITHS OUT

A General Strike is Threatened at
Pullman Car Shops

(Associated Press.)
Chicago, Aug. 4.—Six hundred and
fifty blacksmiths, blacksmith's help-
ers and body builders in the car
shops of the Pullman Palace Car com-
pany at Pullman, went on a strike
today for an increase of fifty cents
a day.

About four hundred more men are
considering the advisability of walk-
ing out.

Should they do so a general strike
is expected. This would affect over
four thousand men.

FIRE INTO TRAIN

A Gang of Supposed Robbers Shoot
Through Car Windows

Everett, Wash., Aug. 4.—Sunday
night the Great Northern eastbound
overland train was set upon by a gang
near Edmunds, presumably for the
purpose of holding it up.

Several volleys were fired from the
darkness, crashing through windows
of the Pullman sleeper and dining
car.

The cook received a slight flesh
wound in the forehead.
The train was not stopped.

THE PRESIDENT IN CONSULTATION

DISCUSSES MATTERS PERTAIN-
ING TO FOREST RESERVES

Talks Frankly With Archbishop Ryan
About the Philippine Friar Ques-
tion—Does Not Believe Friars
Have Confidence of Natives

(Associated Press.)
Oyster Bay, Aug. 4.—Gifford Pin-
chot, of Washington, chief of the bu-
reau of forestry of the agricultural
department, called early in the af-
ternoon and was a guest of the pre-
sident at luncheon.

During the afternoon he discussed
some departmental matters, including
the questions that have arisen con-
cerning the forest reserves.

Archbishop Ryan talked chiefly with
the president about the work being
done among Indians by the com-
mission to which he was appointed a few
months ago, as successor to Bishop
Whipple.

They discussed the Philippine
Friars question, the president speak-
ing freely and frankly of his attitude
in the matter. President Roosevelt
is satisfied that the Philippine Friars
have not the confidence of the natives.

CONVICTS ESCAPE

Three are Captured and One of the
Number is Killed

(Associated Press.)
Nashville, Tenn., Aug. 4.—Word has
just been received from the state
prison, four miles northwest of here,
that convicts blew a hole in the prison
walls with dynamite, and sixteen of
them escaped. Three have been re-
captured and one, Ed Carney, sent up
for safe blowing and highway rob-
bery, was killed.

INDIANA-SONORA MINING PROPERTY

THERE IS NO HITCH IN THE SALE
TO PHELPS, DODGE & CO.

"Our Title is Perfect," Says Supt.
Douglas—Hon. T. J. Taggart
Gives a Statement of the Status
of Affairs

The publication in the Tucson Cit-
izen last week of a statement made
by Mr. J. D. Lindsay, who at one time
was the owner of the Indiana-Sonora
copper property at Cananea to the ef-
fect that the recent sale of this
property had fallen through attracted
considerable attention here. At the
time the publication was made Mr.
Walter Douglas, superintendent of
Copper Queen, and representative of
Phelps, Dodge & Co., in this section
of the country, was not in Bisbee. He
returned yesterday from Cananea and
was seen in his office last night by
the Review representative. Asked
about the reported hitch in the sale
of the Indiana-Sonora property, he
said:

"The title of Phelps, Dodge & Co.
to the Indiana-Sonora property is per-
fect. The deed is in escrow and there
is no question as to its validity. We
are in possession of the property and
development work began today and
it will be increased from time to time
as fast as places can be found where
men can be worked to advantage.
This work will be under the super-
vision of Mr. Provot, formerly in
charge of the Copper Queen smelters.
Frank Knapp, an old-time foreman
of the Copper Queen, is now at Can-
anea as foreman.

"I believe there is some jarring
among the stockholders of the Ind-
iana-Sonora company who sold
the property to the Phelps-Dodge com-
pany, but that in no way affects our
title and it is something with which
we have nothing to do."

Hon. Thomas Taggart, of Indianap-
olis, was again in Bisbee last night
and the Review also sought him for
information concerning the reported
trouble.

"Mr. Lindsay, I understand, is dis-
satisfied," said Mr. Taggart, "but on
what ground I hardly know. He with
his associate, Mr. Curtis, and Hugh
McGowan, who represented the In-
dianapolis stockholders, went to New
York and agreed practically on the
terms and details of the sale. Return-
ing to Indianapolis Mr. Lindsay sur-
rendered certain certificates of stock
to Mr. McGowan in consummation
of agreements that had been a part
of the transference arrangement.
Every agreement ever made with

Mr. Lindsay by the Indiana stockhold-
ers was kept and every payment
made. Mr. Lindsay was in serious
litigation with Mr. W. C. Greene and
it was our people who came to his
rescue.

"Mr. Lindsay deeded this property
to a Mexico company and this com-
pany deeded it outright to the Ind-
iana-Sonora mining company, of which
Mr. Lindsay became a stockholder.
He now occupies the position of a
stockholder in the Indiana-Sonora
company and has had no claim as in-
dividual owner since he deeded the
property to it.

"There is not a flaw in the title and
we are all glad to have the property
in the hands of people who are experi-
enced in mining and have great con-
fidence in its future."

YOUNG PENDLETON IS DISMISSED

THE PRESIDENT APPROVES THE
SENTENCE IMPOSED BY

COURT MARTIAL

(Associated Press.)
Washington, Aug. 4.—President
Roosevelt today returned the papers
in the case of Alexander G. Pendle-
ton, Jr., to the war department with
the endorsement confirming the sen-
tence of dismissal.

Pendleton was a first cadet at West
Point and was found guilty of hazing.
He was appointed from Arizona.

The young man is a son of Alexan-
der Pendleton, of Globe, who is a
highly respected and prominent citi-
zen there. The unfortunate incident
is deeply regretted at Globe where
young Pendleton was popular.

KING EDWARD

Walks Up and Down a Flight of
Stairs

(Special Correspondent)
Cowes, Isle of Wight, Aug. 4.—For
the first time since his illness King
Edward walked up and down a flight
of stairs without assistance. He also
enjoyed a stroll on the upper prome-
nade deck of the royal yacht Victoria
and Albert, from which a splendid
view of the yacht races was obtained.
Ex-Empress Eugenie visited the
king today.

STRIKERS ASK AID

(Associated Press.)
Shamokin, Pa., Aug. 4.—The head-
quarters of the ninth district of the
United Mine Workers of America
were visited today by hundreds of
men asking for aid. They were ac-
companied by their wives and chil-
dren.

HOT KANSAS WIND

Yesterday was a Record Breaker for
Heat at Topeka

(Associated Press.)
Topeka, Kas., Aug. 4.—All heat re-
cords for this year were broken today
when the government thermometer
registered one hundred degrees.

A hot wind has been blowing all
day, but the corn is uninjured on ac-
count of the good start it had obtain-
ed before the hot weather set in.

The reports are good received from
the western and northern part of the
state. It is understood that the corn
crop is out of all danger.

STILL FIGHTING

Dispatches State That the Battle Con-
tinues at Agua Dulce

(Associated Press.)
Washington, Aug. 4.—A dispatch
dated today received at the Colombian
legation tonight from General Sala-
zar, reports that fighting between gov-
ernment troops and revolutionists of
Agua Dulce still continues. The bat-
tle has now raged since last Tuesday.

A SPRECKLES IS BROKE

HE CALLS IN VAIN ON HIS CALI-
FORNIA RELATIVE

Peter Spreckles, of Berlin, is in Finan-
cial Trouble—John D. Spreckles,
Says He Responded to First Call
for Help

(Associated Press.)
Berlin, Aug. 4.—Peter Spreckles, a
kinsman of the San Francisco Spreck-
les family, is the principal owner of
the private banking house of Edouard
Rockhs, which closed its doors Fri-
day with assets of two and a half
million dollars and liabilities of seven
hundred and fifty thousand dollars.
Spreckles, before and since the
failure cabled his American rela-
tives for help, but it has not been
forthcoming.

San Francisco, Aug. 4.—John D.
Spreckles was seen today and speak-
ing of the Berlin dispatch said:
"Peter Spreckles, who is a relative,
recently cabled our family for aid
which was given him.
"He has since asked additional as-
sistance, which has not been fur-
nished. That is all I care to say about
it."

CORBETT-McGOVERN

Preparations for Fight Goes On De-
spite Warning of Officials

(Associated Press.)
New London, Conn., Aug. 4.—The
contract for the erection of the arena
for the proposed Corbett-McGovern
fight to be held here on August 29,
was awarded today. It will seat
twenty thousand persons.

Arrangements for the fight are pro-
gressing, despite the assertion of of-
ficials that the fight will not be al-
lowed.

THE VATICAN AND THE FRENCH

SITUATION REGARDED AS GRAVE
ON ACCOUNT OF ACTION
OF FRANCE

In Closing Congregationalist Schools
—Papal Secretary Favors Tem-
porizing with France—Cardi-
porizing with France—Cardinals
Advocate Entire Rupture with
France

Rome, Aug. 4.—The Vatican regards
the present situation in France, arising
from closing unauthorized Cong-
regationalist schools, as most grave,
as it is now believed to be the inten-
tion of M. Combes, the French pre-
mier, to denounce the concordat.

It is rumored that Cardinal Ram-
polli, papal secretary of state, is still
in favor of temporizing with France,
fearing that any hostile attitude of
the Vatican toward that country
would lead to graver complications.

Some of the cardinals advocate an
entire rupture with France, thus an-
ticipating that the Republicans will
prevent the passage there of any fur-
ther anti-clerical laws.

BOARD OF EXAMINERS

New Appointments by Territorial Su-
perintendent N. G. Layton

(Gazette.)
N. G. Layton, superintendent of pub-
lic instruction, yesterday reorganized
the territorial board of examiners by
appointing the following members:
Prof. W. J. Anderson of Tempe,
Prof. George Blount of Phoenix.
These, with Superintendent Layton,
compose the board and will hold ex-
aminations for teachers this fall. The
next quarterly examination will be
held the first Monday and Tuesday
in September.

The two men selected by Superin-
tendent Layton are well known ed-
ucators and one of them has served
on the board of examiners for some
time. Professor Blount, who succeeds
Professor Cole of this city, is well
known and is regarded as a man thor-
oughly capable of being a member of
the new board.

A surveying party for the Cananea
railway left La Cananea yesterday
for the purpose of making a prelimi-
nary survey from that point to the
coast.
